VII

Applications

Cutting data calculator ToolExpert ArCut X

Perfect finishing tool whenever an excellent surface quality is demanded:

ToolExpert ArCut X

With the ArCut X tool concept, FRAISA offers a range of conical end mills in various designs which cover a broad spectrum of finishing processes.

In combination with the respective tool characteristics, the technologies facilitate a wide range of applications in a variety of materials.

Optimize your finishing processes with the ToolExpert ArCut X.

This way to the new cutting data calculator **ToolExpert ArCut X** or the FRAISA website
